The diagram illustrates a dependency structure where two source files, CNS.cpp and CNS_advance.cpp, both include the header file CentralKEEP.h. The header file is located at /media/monal/main/code/amrsolver1/src/rhs/CentralKEEP.h. The source files are located at /media/monal/main/code/amrsolver1/src/CNS.cpp and /media/monal/main/code/amrsolver1/src/tim/CNS_advance.cpp respectively. Blue arrows point from the source files to the header file.
